

## Richard Williams

### Statement

I have been visiting the Plough for over 50 years, when I was a child it was one of a very few pubs to have a family friendly garden.

I have lived in Longparish for over 20 years and have been a regular user of both pubs.

I am passionate about the British pub and also British beer and ale, both of which are unique and need preserving.

My background is in finance, but these days you will most likely hear me blowing a whistle as the school's rugby coach.

I am a good team player and will bring a pragmatic approach to my duties
